**Sub: Asia's Most Influential Companies at the Asia Corporate Excellence & Sustainability Awards (ACES) 2018**

Dear Mr. Chalermchai,

I am pleased to inform you that the Organizing Committee and Panel of Jurors of the ACES Awards, have selected your organization as a qualified recipient of the esteemed title of "Asia's Most Influential Companies" at the prestigious Asia Corporate Excellence & Sustainability Awards 2018.

The award honors resilient and forward thinking companies in Asia with strong influence over people, resources, and global interactions. These mega corporations are selected based on strength in revenue, profitability, total employees, innovativeness, brand influence in the marketplace, and adherence to corporate sustainability principles.

It is evident that your organization is amongst the leaders in its field and therefore a deserving recipient of the "Asia's Most Influential Companies" title, which only few earn annually. I trust your achievement will encourage other industry peers to strive for excellence.

The Awards will be presented in Singapore over a Grand Gala Dinner on 11<sup>th</sup> of October 2018, at the Fairmont Hotel. We look forward to your presence at the event, as we celebrate the achievement of Asia's finest entrepreneurs and corporations at the Asia Corporate Excellence & Sustainability Awards 2018.

Congratulations on your success, I look forward to meeting you in Singapore!

Yours sincerely,
